That Recommendation was approved by the vote of the FCPNC on March 29, 2018.

The FCPNC also recommended to the Board of Directors of the Truckee River Flood Management Authority that a flood protection fee be imposed on properties that will directly or indirectly benefit from the construction of the flood protection project in an amount not less than \$3.00 per thousand square feet of developed square footage per month and not more than \$8.00 per thousand square feet of developed square footage per month. A copy of the Recommendation to the TRFMA Board of Directors is also attached for your information.
